THE COLLEGE

ACCREDITATION

Salisbury State College is a fully accredited four-year liberal arts college offering undergraduate programs leading to the Bachelor of Arts and Bachelor of Science degrees and graduate programs leading to the Master of Education degree, the Master of Arts degree in English and the Master of Arts degree in History. The College is accredited by the Middle States Association of Colleges and Secondary Schools, the Maryland State Board of Education and the National Council for Accreditation of Teacher Education.

STATE SUPPORT

The College is an integral part of the public system of higher education in the State of Maryland. It is governed by the Board of Trustees of the State Colleges and is supported by appropriations authorized by the State Legislature.

PHILOSOPHY

As a state-supported educational institution, Salisbury State College is concerned with its accountability and educational responsibilities in all areas of operations. Such responsibility prompts establishing a primary objective of providing academic programs for all segments of the public. In addition, the College concerns itself in offering all of its physical facilities to the community for enrichment purposes.

The College strives to provide highest quality undergraduate and graduate programs in Liberal Arts and Teacher Education. In addition, effort is made to constantly improve daytime, evening and summer non-credit programs, as well as to create new educational experiences whenever a need arises.

The college's institutional philosophy is based not on rigidity and exclusiveness, but on flexibility of services to all who wish to avail themselves.

Salisbury State College perceives itself as a place where every person — regardless of race, creed or religion — will be respected with dignity. That person will be afforded the opportunity to develop his or her mind and body to its fullest capabilities. The resources are vast, the opportunities are nearly limitless to all who wish to energetically accept the challenges.

HISTORY

In 1922 the State Legislature established a commission to determine a location for a two-year normal school on the Eastern Shore of Maryland. A site at Salisbury was selected by the commission, and the institution opened in September, 1925.

The school offered a two-year course for the preparation of elementary school teachers in Maryland until 1931 and 1934, when respective increases

of three and four years were made. By action of the legislature of 1935, the College was authorized to grant the Bachelor of Science degree and to change its name to the State Teachers College at Salisbury.

Prior to 1947, the College limited its program to the preparation of teachers for the elementary schools. Expansion of the teacher preparation program occurred that year to include the junior high school level and in 1960 to include secondary school teachers, with a four-year program in Arts and Sciences with majors in several academic fields leading to the Bachelor of Arts and Bachelor of Science degrees. In 1962 the State Board of Trustees approved a graduate program in education leading to the Master of Education, in 1971 a program leading to the Master of Arts degree in History was approved, and in 1974 a Master of Arts degree in English was approved.

In 1963, Salisbury State College became one of the State Colleges of Maryland under jurisdiction of the Board of Trustees of the State Colleges. Major emphasis was placed on the four-year program for undergraduates, offering majors in the arts and sciences as well as professional preparation leading to teacher certification.

LOCATION

Salisbury State College is located on Md. Route 13 at the southern edge of Salisbury, which has a metropolitan population of 50,000 and lies 32 miles west of Ocean City, Md., 115 miles southeast of Baltimore and Washington, 125 miles south of Philadelphia and 125 miles north of Norfolk, Va.

FACILITIES

Administrative offices are situated in Holloway Hall, the original college building. This Georgian-styled structure, just renovated, contains most Administrative Offices, Faculty Offices, Classrooms and some Student Offices. Also in Holloway are a modern 776-seat Auditorium, paneled Social Room and Art Gallery (currently being renovated into the National Wildfowl and Woodcarving Museum).

Caruthers Hall located near Route 13, to the right of the main entrance to the college, houses additional Administration Offices, the Summer and Evening Program Office, the Admissions Office, Teacher Education Offices, as well as Classrooms, Faculty Offices, and a 225-seat auditorium.

Blackwell Library, an air-conditioned recently renovated facility near the center of the campus, houses 145,000 items in open stacks including books, bound periodicals, Government Documents, and a Curriculum Laboratory. The Library subscribes to 1200 periodicals, and has an extensive microfilm collection.

Another fine new building is three-story air conditioned Devilbiss Science Hall. In addition to its 24 classrooms and 24 offices are a Language Laboratory, Laboratories for Geography and Biological Sciences, Chemistry, and Physics and Physical Science. Special features in this building are a Theatre-lecture hall, seating 224, and a greenhouse.

The Musical Arts Center, situated at the Route 13 entrance, is an acoustically-treated building, containing two classrooms, a 17-piano electronic piano laboratory and Faculty Offices.

The hub of student activity is Memorial Student Union, which includes the College Dining Hall and Kitchen, Shack Bar, College Book Store, College Post Office and Recreation Area.

Tawes Gymnasium is temporarily the center of college athletic activity. (A huge new Physical Education Center is currently under construction and is scheduled for completion in the Fall of 1976.) The well-lighted Tawes Gymnasium has a bleacher seating capacity of 1,000 for varsity basketball and other Men's and Women's Indoor Sports. Other features include an attractive Lobby with Trophy Cases, Faculty Offices, Laundry Facilities, Classrooms, First-Aid and Training Room (with modern Hydro-Therapy Equipment), Weight-Training Room, Dance and Correctives Room and Gymnastics Apparatus.

The College Health Center, located at the south end of Holloway Hall, features seven student-patient beds, a Waiting Room, two Offices, a Treatment Room and a Utility Room.

Six modern, well-equipped Dormitories house the on-campus students and provide double and single Bedrooms, Lounges, Supervisors' Apartments, Laundry Facilities, small Kitchens, and Recreation Rooms.

Wicomico Hall houses 96 students, Manokin Hall, 84 students, Pocomoke Hall, 100 students, Nanticoke Hall, 145 students. Choptank and Chester Halls, identical six-story air-conditioned dormitories for 221 students, each which feature on the first floor, eight double bedrooms with two student baths, a manager's apartment, visitors' lounge, elevator and public toilets. Each of the five upper floors contains 20 double bedrooms, four student bathrooms, proctor's bedrooms and bath, trunk storage room, trash room, snack room, student lounge and elevator.

The President's Home is located on a wooded knoll on the southern edge of the campus.

Outdoor Athletic Facilities include varsity fields for soccer, baseball, and field hockey, practice fields, all-weather quarter-mile track and 6 hard-surface tennis courts. A new athletic field complex is being planned and will be operational in 1975.

FUTURE DEVELOPMENTS

In order to accommodate a rapid growth in enrollment, which is approaching 3,000 day students, a new Physical Education facility, including a Swimming Pool, and a new Residence Hall are under construction.

Planning also has begun for the renovation of Caruthers Hall, a modern College Center, and of the existing Dining Hall-Student Union to a modern Dining facility to accommodate the increasing resident population.

DIVISION OF GRADUATE STUDY

Salisbury State College is approved for graduate instruction by the Middle States Association of Colleges and Secondary Schools and the Maryland State Board of Education. The College offers graduate programs leading to the Master of Education degree, the Master of Arts degree in English, and the Master of Arts degree in History. Graduate study is also available for teachers seeking to meet requirements for basic or advanced certification and for post-baccalaureate students seeking graduate credit in both academic and professional areas.

During the fall and spring semesters, the great majority of graduate students enroll for courses conducted in the Evening Program of the College. Designed for part-time students, this program consists mainly of courses meeting once weekly throughout the semester in evening sessions of approximately three hours each. A limited number of courses open both to graduate students and advanced undergraduates is also available in the regular daytime program. In addition, graduate study is available in the College summer program consisting of two five-week summer sessions, and in the three-week minimester programs scheduled at the conclusion of each fall and spring semester.

OBJECTIVES

The primary objective of the graduate program at Salisbury State College is to provide qualified students with opportunities for professional advancement and personal enrichment through advanced study. The program is designed to assist such students in attaining greater mastery of their fields of specialization, to improve skills in pursuing independent study, and to increase professional ability through study of new findings in areas of special interest. The College also recognizes an obligation to college graduates residing in the general community of the Eastern Shore and seeks to offer a constructive program of graduate courses throughout the year for the benefit of all who are qualified.

ADMISSION TO GRADUATE STUDY

To be eligible for admission to graduate study, the applicant must have completed requirements for the bachelor's degree at an accredited institution of higher learning. Admission to the College is granted without regard to race, color, religion, national origin or sex.

Students seeking admission to graduate study may obtain application forms from the Graduate Admissions Office. The application should be completed and returned to that office as early as possible in the term immediately preceding actual enrollment. In each case, the applicant must request the Registrar of his undergraduate institution to forward an official copy of his undergraduate transcript, showing completion of baccalaureate degree requirements, directly to the Graduate Admissions Office. Admission for graduate study is granted on a tentative basis until the official transcript and completed application are on file.

Students making a late decision to begin graduate study may register for graduate courses at the beginning of a semester or the summer session, but will not be officially admitted until the application for admission and official transcript are on file. Such students should visit the Graduate Admissions Office prior to registration in order to make sure that courses for which they register will fall within the requirements of the master's degree program they may subsequently wish to enter.

Upon receipt of the completed application for graduate admission and the official undergraduate transcript at the Graduate Admissions Office, the applicant will be notified by letter of formal admission for graduate study and may register thereafter for graduate credit so long as he remains in good standing. Admission for graduate study does not constitute admission to a master's degree program.

ADMISSION TO MASTER'S DEGREE PROGRAMS

After formal admission for graduate study, students who indicate their desire to earn a master's degree are requested by letter to make an appointment at the Graduate Admissions Office for discussion of degree programs and options available. During this interview, requirements of various programs are explained and the student normally selects the program most appropriate for his needs. Following the interview, the student will be notified by letter of acceptance to the program selected, provided requirements for acceptance are met, and assigned a faculty advisor. Students failing to meet requirements for acceptance to the program they desire must normally make up all deficiencies prior to admission to candidacy for the degree program selected.

Students admitted to the College for graduate study but who have not requested acceptance for a master's degree program may enter a degree program by scheduling an appointment at the Graduate Admissions Office. Graduate credits earned prior to acceptance for master's degree study may be applicable toward requirements for the degree provided the previously earned credits are appropriate for the degree program desired.

ADMISSION TO CANDIDACY: MASTER OF EDUCATION DEGREE

To be eligible for admission to candidacy for the Master of Education degree, the applicant must meet the following requirements:

1. Earn a cumulative average of B or higher, including no grade below C, on at least twelve hours of graduate courses completed at Salisbury State College in the master's degree program. This requirement may be waived for students who earned an overall average of B or higher in their undergraduate programs. Others in this program should apply after having earned a cumulative average of B or higher on twelve hours and not later than having completed eighteen hours. Graduate degree students are required to earn a minimum of fifteen semester hours of graduate credit after admission to candidacy except in special cases authorized by the Director of Graduate Studies.
2. Submit the completed application for admission to candidacy to the Director of Graduate Studies for action.

THE MASTER OF EDUCATION DEGREE

Students seeking the Master of Education degree at Salisbury State College shall complete one of the following two options: (I) an approved program of study including at least thirty-three semester hours of graduate credit with a cumulative average of B or higher, with no grade lower than C, and with no more than two C's in each of the following areas: (a) required courses in Education, (b) electives for those in Program A below, and (c) field of concentration for those in Program B below; or, (II) an approved program of study including at least thirty-three semester hours of graduate credit with grades of B or higher; grades of C earned in required courses in Education may be used to satisfy the course requirement but may not be applied toward graduation, and not more than two C's may be earned in each of the following areas: (a) required courses in Education, (b) electives for those in Program A below, and (c) field of concentration for those in Program B below.

The following foundation courses in Education are required as indicated (12 semester hours). It is strongly recommended that Education 502, below, be taken at the outset of graduate study and prior to undertaking the preparation of formal research papers and projects.

Choice of either of the following two:

- Education 500: HISTORICAL AND SOCIAL FOUNDATIONS, (3)
- Education 501: THE SCHOOL IN WESTERN CULTURE, (3)

Choice of either of the following two:

- Education 514: SEMINAR IN CURRICULUM CONSTRUCTION, (3)
- Education 545: DEVELOPMENT, LEARNING, AND INSTRUCTION IN THE SCHOOLS, (3)

Both of the following two:

- Education 502: INTRODUCTION TO RESEARCH, (3)
- Education 510: SEMINAR: RECENT ISSUES IN EDUCATION, (3)

Additional requirements for the Master of Education degree may be met under either of the following two programs:

PROGRAM A (21 semester hours)

1. Six semester hours in approved courses in methodology, techniques and procedures. (A list of approved courses for this requirement is available at the Graduate Office.)
2. Electives: An approved sequence of twelve semester hours, at least half of which shall be selected from courses at the 500 level (i.e., available exclusively for graduate credit).
3. Choice of a Research Project for three credit hours or an approved course substitute of at least three semester hours. Those electing the course substitute will complete at least two formal research papers in connection with their courses in Education. Those electing the Research Project will enroll in Education 530: Directed Research, (3), and will submit the completed project to the project director.

They must also satisfactorily complete an oral examination on the project, to be scheduled after successful completion of the master's degree comprehensive written examinations.

4. Satisfactory completion of the comprehensive written examinations demonstrating the candidate's proficiency in professional Education and in a representative selection of other courses selected from the candidate's program in conjunction with the faculty advisor. These examinations are administered three times per year, usually fall, spring and summer. Candidates for the examinations should contact the Graduate Office regarding time, place, and procedures.

PROGRAM B (21 semester hours)

1. Twelve semester hours in an area of concentration, to be selected from one of the following areas: English, Geography, History, Mathematics, Music, Science, Psychology, and Sociology. At least six semester hours in the area of concentration shall be selected from courses at the 500 level (i.e., available exclusively for graduate credit).
2. An additional three semester hours in the area of concentration to be completed in one of the following options: Choice of a Research Project in the area of concentration for three credit hours or an approved course substitute in the area of concentration of at least three credit hours. Those electing the course substitute will satisfactorily complete at least one formal research paper in the area of concentration and another in the field of Education. Those electing the Research Project will enroll in course #530: Directed Research, (3), in the field of concentration, and will submit the completed project to the project director. They must also satisfactorily complete an oral examination on the project, to be scheduled after successful completion of the master's degree comprehensive written examinations.
3. Electives: six semester hours selected from any field.
4. Satisfactory completion of the comprehensive written examinations demonstrating the candidate's proficiency in professional Education and in the area of concentration. These examinations are administered three times per year, usually fall, spring, and summer. Candidates for the examinations should contact the Graduate Office regarding time, place, and procedures.

THE RESEARCH PROJECT OPTION

In completing requirements for the Master of Education degree, students electing the Research Project option must follow these additional procedures:

1. Present to the faculty advisor following admission to candidacy a brief outline of the Research Project proposed, if this option is chosen. If approved, the candidate is usually assigned a second advisor. For those electing the Research Project, the completed project must be submitted to the advisors by March 1 of the year in which the degree is expected.
2. Complete satisfactorily an oral examination on the Research Project after completion of the comprehensive written examinations. The oral examination is administered by three members of the graduate faculty designated by the Director of Graduate Studies.

3. Submit three copies of the Research Project with the signatures of the examiners for filing with the Director of Graduate Studies after completion of the oral examination.

THE MASTER OF ARTS DEGREE IN HISTORY

I. Requirements for Admission to Candidacy:

A. At least fifteen semester hours in History from the junior-senior level or above, including a course in Historiography. This preparation is designed to serve as a foundation for graduate study in History and is therefore ineligible for inclusion in the thirty-three semester hours normally required for the degree. Students lacking this preparation must make up the deficiency prior to becoming eligible for admission to candidacy.

B. Submission of an official copy of scores on the Graduate Record Examination Aptitude Test and Advanced Test in History. In special circumstances, the Chairman of the History Department may permit the student to take the Advanced Test in another field. Applications for the GRE are available on request to the Graduate Admissions Office and test scores should be forwarded to that office directly from Educational Testing Service.

C. Submission of the completed application for admission to candidacy to the Director of Graduate Studies for action. This application should be submitted after completion of the requirements indicated above and at least twelve semester hours of graduate degree credit with cumulative average of B or higher and no grade below C.

II. Course Requirements: A minimum of thirty-three semester hours, with cumulative average of B or higher and no grade below C, is required for the Master of Arts degree in History. At least fifteen semester hours of this work must be taken in courses at the 500-level (i.e., courses available exclusively for graduate credit).

Students admitted to the M.A. program in History may choose either Plan A or Plan B for meeting course requirements. All course selections must be approved by the History Department faculty advisor.

Plan A:

1. Eighteen semester hours in History
2. Nine semester hours in one minor field (Education, English, Geography, Psychology, etc.)
3. Six semester hours: Thesis in History

Plan B:

1. Twenty-four semester hours in History
2. Nine semester hours in one minor field (Education, English, Geography, Psychology, etc.)

III. Additional requirements: All candidates for the M.A. in History must satisfactorily complete both a written and an oral examination near the completion of their program requirements demonstrating proficiency in the areas of study undertaken. Students should contact the Chairman of the History Department in this regard after completion of twenty-one semester hours of graduate credit.

THE MASTER OF ARTS DEGREE IN ENGLISH

I. Admission to the Program:

In addition to the general requirements for admission to the Salisbury State College Graduate Program, outlined above, applicants for admission to the English M.A. program:

A. Must have the undergraduate English major or its equivalent (thirty semester hours of English beyond freshman English) with a 3.0 grade point average in those undergraduate English courses.

B. Must have attained a score of at least 500 on the English Advanced section of the Graduate Record Examination or, failing that, have demonstrated academic proficiency of an equivalent nature in a comparable program of study. Under special circumstances, the English Department Graduate Committee may admit candidates who do not meet this condition.

C. Must submit two letters of recommendation from persons qualified to judge the applicant's ability to do graduate work in English.

D. Must submit a written description of their reasons for pursuing English graduate study and their academic goals within the discipline.

II. Admission to Candidacy: After satisfactory completion of fifteen semester hours of course work under Plan A or B below, a graduate student should apply for admission to candidacy.

III. Course Requirements:

A. To be eligible to receive the M.A. in English, the graduate student must complete thirty-three (33) semester hours. Included in the thirty-three hours must be a minimum of six hours (two courses) at the 500 level.

B. The graduate student must maintain an average grade of 3.0 (B) or higher in all courses and must have no grades below C. After completion of the first three courses (9 semester hours) in the program, grades lower than C will disqualify the student from continued enrollment in the program.

C. The student may choose either Plan A or Plan B in meeting degree requirements. All course selections must be approved by the faculty advisor.

1. Plan A (non-thesis)

- a. At least 24 semester hours of English at the 400-500 level.
- b. Up to nine semester hours at the 400-500 level in one supporting discipline, e.g., Education, History, Modern Languages, Philosophy, Psychology, Sociology, or Communication Arts.

2. Plan B (thesis)

- a. At least 21 semester hours of English at the 400-500 level.
- b. Up to 9 semester hours in one supporting discipline listed under Plan A above.
- c. Three semester hour thesis credit (English 531).

IV. Procedures of the Academic Program

A. By the time the student has completed the first three courses in the M.A. program, he will, in consultation with a member of the English Graduate Faculty of his choice, have completed a program of study which outlines the emphasis of that study and the competencies he intends to achieve.

B. The student will elect to concentrate in an area of emphasis compatible with his needs and with the availability of course offerings outlined in the projected course scheduling sequence. This area may be a period of British, American, or comparative literature, a genre of literature, or

the study of language. Within the departmental course offerings he may elect also a subordinate emphasis upon folklore or film.

C. Upon admission to candidacy the student will have established a final, definite program of study to which he is committed. At that time the advisor, in cooperation with other members of the English Graduate Faculty, will begin to tailor a comprehensive written examination fitted to the student's program. The student will be informed of the nature of that examination and can synthesize his work accordingly.

V. Comprehensive Examination

- A. Upon completion of course work the candidate will sit for the comprehensive written examination described above.
- B. Evaluating the written comprehensive examination will be the candidate's advisory committee. It will be composed of three faculty members. One shall be the major professor (advisor). At least one of the other two members of the committee will be a member of the English Department Graduate Faculty.
- C. Satisfactory completion of the comprehensive examination will eliminate the need for an oral examination. In borderline cases in which there is doubt about the candidate's mastery of any portion of the written test, the student will be examined orally. The oral examination will occur after notification of the student and after adequate time for review.

TRANSFER CREDIT

On the recommendation of the faculty advisor and with approval of the Director of Graduate Studies, a student may transfer up to twelve semester hours of graduate credit from other accredited institutions, subject to the following conditions: credit proposed for transfer must be (1) directly related to the student's program of study as approved by the department concerned and the Director of Graduate Studies; (2) acceptable for graduate degree credit by the home institution, and (3) supported by an official transcript showing graduate credit earned with grade of B or higher.

Students planning to earn graduate credit at other institutions for possible transfer toward master's degree requirements at Salisbury State should in all cases write the Director of Graduate Studies prior to registration, giving full particulars on the work to be taken, so that approval may be made in advance regarding the subsequent transfer of credit. In each case, the student should make certain that he has obtained graduate classification at the institution from which the transfer of credit is expected.

For students enrolled in the Master of Education degree program, a maximum of six hours in Education and a maximum of six hours outside of Education may be considered for transfer. For students in the M.A. program in History, not more than nine of the twelve hours eligible for consideration may be in History.

Credits earned by correspondence are not eligible for transfer. Credits earned in extension programs may be eligible for transfer, subject to approval by the Director of Graduate Studies, provided such credits are accepted for graduate degree credit by the home institution.

GRADUATE CREDIT DURING SENIOR YEAR

An undergraduate who is within six semester hours of completing requirements for the baccalaureate degree may register for up to six hours of graduate credit, to be taken concurrently with the remaining courses in the baccalaureate program, with approval of the Director of Graduate Studies. Graduate credit will be awarded only upon completion of baccalaureate degree requirements by the end of the semester in which the final course requirements were begun.

TIME LIMITATION

All work credited toward the Master's Degree must be completed within seven calendar years from the end of the semester or summer term in which such work began. For example, a student who began the Master's Degree program in June, 1975, must have completed all requirements for the degree by the end of summer, 1982.

APPLICATION FOR DIPLOMA

It is the responsibility of the individual graduate student to check with his advisor to make sure that all degree requirements have been fulfilled, and to make the necessary arrangements at the Registrar's office for graduation.

Each degree candidate must make application for his diploma by the appropriate deadline and pay the required Diploma Fee. The Application for Diploma form is available at the Office of the Registrar and must be completed and returned to that office, together with payment of the Diploma Fee, not later than the beginning of the final semester before graduation. Any student who finds it necessary to postpone graduation must submit a new Application for Diploma to the Office of the Registrar.

TUITION AND FEES

Tuition for graduate students is \$38.00 per semester hour for graduate credit and \$25.00 per semester hour for undergraduate credit. Also, there is a Registration Fee of \$10.00 and a College Center Fee of \$5.00 payable at each registration. Graduate students residing out of state pay an additional fee of \$15.00 at each registration.

In addition, students seeking the master's degree are assessed a fee of \$10.00 when applying for admission to candidacy for the master's degree.

FACULTY ADVISORY SYSTEM

On admission to the master's degree program, the student is assigned a faculty advisor in the appropriate field of study. The major responsibility for advising graduate students rests upon the faculty advisor. Although the individual student is personally responsible for meeting all requirements and deadlines, the faculty advisor and/or respective department chairman are responsible for certifying to the Director of Graduate Studies that various program requirements for the master's degree have been fulfilled. It is therefore strongly recommended that students in the master's degree program consult their advisors periodically to make sure that the course requirements of their program, and other requirements as well, are clearly understood and are being met on schedule as planned.

STUDENT RESPONSIBILITY

The responsibility for obtaining the Graduate Catalog, information regarding registration and scheduling of classes, for becoming familiar with and fulfilling graduate degree requirements, meeting stated deadlines, and filing the necessary forms at the proper offices, rests solely with the graduate student.

APPEALS CONCERNING REGULATIONS

The faculty advisor and respective department chairman have jurisdiction over the program of each degree candidate within regulations established by the Graduate Council. When requested by the student, faculty advisor, and/or department chairman, the Graduate Council shall serve as the Board of Appeals on matters concerning the interpretation of regulations governing the degree program.

TRANSCRIPTS AND CERTIFICATION OF COMPLETION OF DEGREE REQUIREMENTS

Transcripts of graduate records and certification of the completion of degree requirements may be obtained by contacting the Office of the Registrar.

OFFICIAL WITHDRAWAL AND REFUND PROCEDURES

A graduate student who finds it necessary, after registration, to drop a part of his course load, or to withdraw from the College completely for that term, should in all cases complete the official drop or withdrawal form and submit it to the appropriate office. This assures the student that any refund due will be processed automatically and that his change of registration will become a matter of record.

Students failing to comply with regulations governing official withdrawal and/or dropping of courses forfeit all rights to refunds which might otherwise be made.

Detailed procedures for official withdrawal from the College and for official dropping of courses, including deadlines for submitting of forms necessary for the payment of refunds, appear regularly in the Evening Program and Summer Sessions Bulletins. Students are urged to note this information with care.

COURSE LOAD

The unit of credit is based on the semester system. The normal course load for a graduate student attending full-time is nine to twelve credit hours per semester. Requests for course loads in excess of twelve hours per semester must be approved by the Director of Graduate Studies.

In summer, six hours credit is considered a full course load for each of the five-week summer sessions. Additional credit may be taken only with approval of the Director of Graduate Studies.

CLASS ATTENDANCE

Students are expected to attend all class meetings of courses for which they are registered unless informed otherwise by the instructor concerned. Frequent unexcused absences together with unsatisfactory work, due to absence, may result in exclusion from the course or suspension from the Graduate Division.

GRADING SYSTEM

The following grades are used to evaluate the student's work in his individual courses:

- A (Excellent)
- B (Good)
- C (Satisfactory)
- D (Poor, with no graduate credit for degree allowed)
- I (Incomplete)
- N (No credit)

Courses taken for graduate credit may not be taken on a pass/fail arrangement.

COURSE NUMBERING SYSTEM

Courses at the 500-level offer graduate credit exclusively and are not available to undergraduates. Courses at the 400-level appearing in the list which follows may be taken either for graduate credit or for advanced undergraduate credit. Graduate students enrolled in such courses are expected to do graduate level work and to meet requirements more rigorous than those established for undergraduates. It is the responsibility of the individual instructor to define precisely the quality and quantity of work that he expects from members of his classes, both graduates and undergraduates.

It follows that the instructor may reasonably anticipate work of the highest level of competency from those enrolled in 500-level courses.

PROFESSIONAL CERTIFICATION

Requirements for the various teaching and administrative state certificates change from time to time and are determined by agencies other than the College. Therefore, the College cannot guarantee that a particular graduate program will automatically fulfill requirements for any of the various certificates available. Students seeking such certification are advised to consult a certification specialist within their State Departments of Education for information on the particular certification requirements they may wish to meet.

GRADUATE COURSE DESCRIPTIONS

ART

490. INDEPENDENT STUDY

1 to 3 hours credit

A course to provide additional directed study in one or a combination of departmental disciplines. Students must furnish their own materials. Recommended for senior undergraduate or graduate credit. May be taken on the graduate level for a maximum of only 6 hours credit. Participation by invitation of the department only.

BIOLOGY

415, 416. RESEARCH IN BIOLOGY

3 hours credit each

Independent study, in which each student conducts his own research project under the supervision of a member of the faculty. Prerequisites: Biology 111 and 112 and consent of instructor. One hour of formal instruction each week and two additional hours to be arranged individually.

423. ELECTRON MICROSCOPY

3 hours credit

Introduction to the principles and techniques of electron microscopy in Biology, including tissue fixation, embedding, ultramicrotomy, microscopy and photography. Prerequisites: Biology 111 and 112 and consent of the instructor. Two hours lecture and three hours laboratory per week.

435. CYTOLOGY

3 hours credit

A discussion of the structure and function of the cell and its components. Laboratory work is based on light microscopy and electron microscopy. Prerequisites: Biology 111 and 112. Two hours lecture and three hours laboratory per week.

490. SPECIAL TOPICS IN BIOLOGY

3 hours credit

A study of a specific area of biological science. The topic will vary from semester to semester. The course may be taken twice for credit. Prerequisites: Biology 111 and 112.

501. MODERN CONCEPTS IN BIOLOGY

3 hours credit

An advanced study of basic concepts of biology, emphasizing areas of recent progress. Prerequisites: Biology 111 and 112. Two hours lecture and two hours laboratory per week.

502. BIOLOGY AND ENVIRONMENT

3 hours credit

A study of organisms as integral parts of their environments, including field studies involving principles of taxonomy and ecology. Prerequisites: Biology 111 and 112. Two hours lecture and two hours laboratory per week.

510. CONTEMPORARY CELL PHYSIOLOGY

3 hours credit

A study of the chemical and physical laws and formalisms which govern

vital function. The laboratory will involve techniques and instrumentation of current physiological investigation. Two hours lecture and one three hour laboratory per week.

A general treatment of the physical and cultural patterns of eastern Europe and the Soviet Union showing interrelationships and emphasizing those regions in rapid transition. Some attention is directed to the geographical foundations of Soviet international relations. **Three hours per week.**

401. REGIONAL GEOGRAPHY OF AFRICA 3 hours credit

An examination of the contemporary patterns of life in Africa, particularly Sub-Saharan Africa, from a regional viewpoint. Special attention is given to the interplay of physical and cultural elements, economic activities, demographic trends, regional development and spatial interaction. **Three hours per week.**

**403. REGIONAL GEOGRAPHY OF THE
MEDITERRANEAN LANDS** 3 hours credit

A study of the geographic unity and complexity of the lands bordering the Mediterranean Sea. Current problems are considered in the geographic setting. **Three hours per week.**

405. URBAN GEOGRAPHY 3 hours credit

An analysis of the spatial distribution of urban settlements, their internal structure and characteristics. Emphasis is placed on techniques of analysis, and on the development of theoretical concepts and general principles. Some

attention is given to contemporary urban problems and urban planning. **Three hours per week.**

406. REGIONAL PLANNING 3 hours credit

An analysis of the spatial incidence of economic growth. Emphasis is placed on the spatial dimension as an important consideration in the theory and practice of economic development planning. **Three hours per week.**

407. INDUSTRIAL LOCATION 3 hours credit

An analysis of the major factors influencing industrial location decisions and the spatial arrangement of industrial activity. Emphasis is placed on the development of theoretical concepts and general principles. Some attention is given to regional and city industrial development planning. **Three hours per week.**

408. URBAN PLANNING 3 hours credit

An examination of theories and strategy approaches to urban development and land use planning along with techniques for evaluation. An assessment of the urban planning process with case studies. **Three hours per week.**

411. GEOMORPHOLOGY 3 hours credit

This course deals with land form analysis. Treatment is given to the agents of erosion and deposition — water, wind, and ice, and to the internal forces which leave visible evidence on the earth's surface. **Four hours per week.** **Four one-day and one three-day field trips.**

413. CLIMATOLOGY 3 hours credit

An analysis of climatic elements and their control. Consideration is given to climatic classifications and the distribution of climatic types. **Four hours per week.**

415. SELECTED PROBLEMS 3 hours credit

This course is designed for the geography or other social science major who desires to do research in the field of geography. The problems may be in the nature of library research, field research, or a combination of both. Choice is with departmental approval. Specific topic will be indicated on transcript. May be taken twice for credit. **Prerequisite:** Fifteen hours of Geography or consent of instructor. **Three hours per week.**

422. READINGS IN GEOGRAPHY 3 hours credit

Selected readings designed to permit study in depth of selected topics. Choice is with departmental approval. Specific topic will be indicated on transcript. May be taken twice for credit. **Prerequisite:** Fifteen hours in Geography or consent of instructor. **Three hours per week.**

**500. GEOGRAPHICAL INFLUENCES IN
AMERICAN HISTORY** 3 hours credit

A study of the geographical influences affecting the historical growth and development of North America from colonial times to the present. **Prerequisite:** Geography 206 or consent of the instructor. **Three hours per week.**

502. SEMINAR: ANGLO-AMERICA**3 hours credit**

An analysis of selected problems concerning the physical and human geography of Anglo-America. A seminar paper is required. Topics selected with the consent of instructor. Prerequisite: Geography 206 or consent of instructor. **Three hours per week.**

503. SEMINAR: REGIONAL AND HISTORICAL**GEOGRAPHY OF EUROPE****3 hours credit**

An analysis of selected problems concerning the physical, political and historical geography of Europe. A seminar paper is required. Topics selected with consent of instructor. Prerequisite: Geography 304 or consent of instructor. **Three hours per week.**

504. SEMINAR: PHYSICAL GEOGRAPHY**3 hours credit**

A seminar dealing with current problems in areas of meteorology, climatology, soils, geomorphology and vegetation. Individual research and presentation of papers. Topics selected with consent of instructor. **Three hours per week.**

530. DIRECTED RESEARCH**3 hours credit**

Preparation of optional research project in master's degree program under departmental direction. **Three hours per week.**

HEALTH**401. COMMUNITY HEALTH (MW)****3 hours credit**

A study of the factors involved in improving public health, including a survey of community health problems and resources, and the role of the teacher in community health. **Three hours per week.**

HISTORY**400. HISTORY OF MARYLAND****3 hours credit**

A study of Maryland history and government from the colonial period to the present. The course places special stress on the leaders, institutions, and contributions made in Maryland and by Maryland to the nation. **Three hours per week.**

401. AMERICAN DIPLOMACY**3 hours credit**

An historical study of the foreign relations of the United States and the resultant diplomatic negotiations from 1776 to the present. **Three hours per week.**

**405. THE UNITED STATES IN THE TWENTIETH
CENTURY I****3 hours credit**

Populism to 1932. A study of the political, economic, intellectual and social problems attending America's rise to world power later in the 19th century, her involvement in World War I, the changes attending that conflict and the problems of the 1920's. **Three hours per week.**

**406. THE UNITED STATES IN THE TWENTIETH
CENTURY II****3 hours credit**

F. D. Roosevelt to the present. A study of the efforts of the United States to resolve the complex problems of the 1930's intensified by the Great Depression, its involvement in World War II, and struggles to maintain peace in the post-war world. **Three hours per week.**

407. THE WESTWARD MOVEMENT**3 hours credit**

A study of the Westward Movement from the Atlantic to the trans-Alleghany and trans-Mississippi West, with emphasis upon the influence of the frontiers in shaping American civilization. **Three hours per week.**

409. RECENT TRENDS AND DEVELOPMENT**IN LATIN AMERICA****3 hours credit**

An examination of the important political, economic and military changes in Latin America, particularly those of the twentieth century. **Three hours per week.**

**411. PROBLEMS IN LATIN AMERICAN
HISTORY****3 hours credit**

Readings, reports, and discussion of historical problems of Latin American development. **Three hours per week.**

**412. SOCIAL AND CULTURAL HISTORY
OF THE UNITED STATES I (1600-1875)****3 hours credit**

(See course description in History 413.)

**413. SOCIAL AND CULTURAL HISTORY OF THE
UNITED STATES II (1876 to present)****3 hours credit**

These courses are a study of American thought as reflected by the people and leaders. The development of American heritage is covered from the Colonial Period to the present, with emphasis upon the intellectual, social, religious, and economic movements. The first course covers from the Colonial Period to Reconstruction and the second course from about 1876 to present. **Three hours per week.**

**417. HISTORY OF SCIENCE AND
TECHNOLOGY****3 hours credit**

A survey of the evolution of scientific achievements and technology in the western world, with particular emphasis on the cultural, economic and social implications of these developments. Prerequisites: History 101, 102. **Three hours per week.**

**421. EUROPE IN THE TWENTIETH
CENTURY WORLD****3 hours credit**

A study of the economic, social, intellectual, and political development of Europe, viewed in the context of world wars, depression, and conflicting political ideologies, showing the decline of European dominance and the rise of America and Asia. Prerequisites: History 101, 102. **Three hours per week.**

423. RUSSIA: RISE TO IMPERIAL POWER 3 hours credit
A study of Russia from its beginnings to the reign of Nicholas II, with emphasis upon its eastward expansion. Prerequisites: History 101, 102. Three hours per week.

424. TWENTIETH CENTURY RUSSIA: REPRESSION, REVOLUTION AND CONSOLIDATION 3 hours credit
A study of Russia from the reign of Nicholas II with emphasis upon its changing role in world affairs. Prerequisites: History 101, 102. Three hours per week.

426. HISTORY OF SOUTHERN ASIA 3 hours credit
A study of the Indian sub-continent and adjacent regions, their social development, the evolution of Hinduism and Buddhism, the Islamic, Mongol, and British conquests, the rise of nationalism, and the status of the region today. Prerequisites: History 101, 102. Three hours per week.

430. READINGS IN HISTORY 3 hours credit
A readings course in History for students who have achieved above average in at least eighteen hours of history courses. This course may be taken twice, under different course titles recorded with the Registrar. Three hours per week.

435. SENIOR THESIS 3 hours credit
Individual research and preparation of a thesis by history majors. Topic to be approved by Department chairman. Three hours per week.

437. HISTORY OF EUROPEAN IDEAS 3 hours credit
A survey of the western intellectual tradition, beginning with its heritage from the ancient world, and emphasizing the main currents of European thought from the Middle Ages to the present. Particular emphasis will be placed on the rise of a spirit of free inquiry, the development of a scientific attitude, and the growth of a distinct intellectual class. Prerequisites: History 101, 102. Three hours per week.

440. MINORITY GROUPS IN THE UNITED STATES HISTORY 3 hours credit
Attention is given to the role and contribution of minority groups in general, with special emphasis on some of the larger and older minority groups. Three hours per week.

441. THE NEGRO IN AMERICAN HISTORY 3 hours credit
A study of the life and role of the American Negro from the Colonial period to the present. Three hours per week.

450. SELECTED PROBLEMS IN EUROPEAN THOUGHT AND CULTURE, 1700-1840 3 hours credit
Readings and discussion in this course will focus on intellectual currents in England, France and Germany in the 18th and early 19th centuries. Works of contemporary writers will be examined in the context of social and political developments. Prerequisites: History 101, 102. Three hours per week.

460. HISTORY OF CHINA SINCE 1800 3 hours credit
The revolutionary transformation of China from the nineteenth century to the present, with emphasis on the impact of imperialism, the profound effects of western technology and foreign policy wrought by the history of her relations with the west. Prerequisites: History 101, 102. Three hours per week.

490. STUDIES IN HISTORY 3 hours credit
An intensive historical study of particular periods; groups; economic, intellectual, cultural, social movements, and/or institutions. This course may be taken twice, under different course titles recorded with the Registrar.

500. MAJOR FORCES IN WORLD CIVILIZATION 3 hours credit
Consideration of such major forces as religion, race, socialism, capitalism, communism, nationalism, and imperialism on the development of world civilization. Three hours per week.

502. SEMINAR: COLONIAL AND REVOLUTIONARY AMERICA 3 hours credit
A study of colonial institutions and the American Revolutionary movement. Emphasis is placed upon the study of specific topics through individual research projects. This course may be taken twice, under different course titles recorded with the Registrar. Three hours per week.

504. SEMINAR IN EUROPEAN HISTORY 3 hours credit
A seminar designed to enable the student to explore, through intensive research, basic problems in modern European history. The period or topics to be studied will be selected by the instructor. Three hours per week.

505. SEMINAR: MARYLAND HISTORY 3 hours credit
A seminar designed to acquaint students, through readings and research, with some of the major problems and developments in the history of Maryland. This course may be taken twice, under different course titles recorded with the Registrar. Three hours per week.

506. SEMINAR IN TWENTIETH CENTURY AMERICA 3 hours credit
A seminar enabling the student to explore intensively specific periods and/or problems in this century through individual research. This course may be taken twice, under different course titles recorded with the Registrar. Three hours per week.

508. SEMINAR IN AMERICAN DIPLOMACY 3 hours credit
A seminar permitting students to investigate, through reading and research, selected problems in the history of American diplomacy. This course may be taken twice, under different course titles recorded with the Registrar. Three hours per week.

510. SEMINAR IN LATIN AMERICAN HISTORY 3 hours credit
An intensive study of major institutions and specific periods in Latin America through readings and research. Three hours per week.

530. DIRECTED RESEARCH 3 hours credit
Preparation of optional research project in Master's degree program under direction of departmental supervision. **Three hours per week.**

531. THESIS 3 hours credit

MATHEMATICS

402. THEORY OF NUMBERS 3 hours credit
Basic concepts: integers, prime numbers, divisibility, congruences and residues. **Prerequisite:** Math 201. **Three hours per week.**

406. GEOMETRIC STRUCTURES 3 hours credit
An axiomatic development of incidence, ordered incidence, affine and absolute geometries; investigation of Euclidean and non-Euclidean geometries. **Prerequisite:** Math 201. **Three hours per week.**

413. PROBABILITY 3 hours credit
Finite sample spaces, random variables, independence, mean and variance, stochastic processes. **Prerequisite:** Math 310. **Three hours per week.**

421. INTRODUCTION TO MATHEMATICAL LOGIC 3 hours credit
An introduction to the concepts of logic and methods of proof, along with applications to mathematics. **Prerequisite:** Math 306 or 310. **Three hours per week.**

431. POINT SET TOPOLOGY 3 hours credit
Topological spaces, homeomorphisms, compactness, metric spaces, connectedness and other topics. **Prerequisite:** Math 306 or 310. **Three hours per week.**

441. ABSTRACT ALGEBRA 3 hours credit
An introduction to the theory of groups, rings, integral domains and fields, including basic properties of polynomials. **Prerequisite:** Math 306 or 310. **Three hours per week.**

451. ANALYSIS I 3 hours credit
Modern abstract analysis including such topics as topology of the real number system, sequences, continuity and differentiability. **Prerequisite:** Math 310. **Three hours per week.**

452. ANALYSIS II 3 hours credit
A continuation of Analysis I including such topics as the Riemann-Stieltjes integral, sequences of functions, and Lebesgue Theory. **Prerequisite:** Math 451. **Three hours per week.**

461. DIFFERENTIAL EQUATIONS 3 hours credit
Solutions and applications of: First order linear, exact, and homogeneous equations; second order equations; systems of equations with constant co-

efficients; numerical solutions of differential equations. **Prerequisite:** Math 202. **Three hours per week.**

465. MATHEMATICAL MODELS AND APPLICATIONS 3 hours credit
Mathematical basis for model building; examples of simple models for uncomplicated systems in Biology, Psychology, Business and other fields; finite markov processes; models for growth processes. **Prerequisite:** Math 306. **Three hours per week.**

467. GAME THEORY AND LINEAR PROGRAMMING 3 hours credit
Systems of linear inequalities; linear programming, geometric and computational aspects of linear optimization including the simplex algorithm, duality theorem, two-person zero-sum games, the simplex method and games. **Prerequisite:** Math 306. **Three hours per week.**

490. INDIVIDUAL STUDY 3 hours credit
Supervised study in an area of interest to an advanced student. **Prerequisite:** Approval of the chairman. **Three hours per week.**

500. FOUNDATIONS OF NUMBER THEORY 3 hours credit
Designed for teachers of arithmetic with emphasis on the development of real number system and Elementary Number Theory. **Prerequisite:** One course in college mathematics or consent of instructor. **Three hours per week.**

501. FOUNDATIONS OF ALGEBRA 3 hours credit
Emphasis is placed on algebraic structures as used in the modern approach to the teaching of algebra. **Prerequisite:** Math 103 or 500. **Three hours per week.**

502. FOUNDATIONS OF GEOMETRY 3 hours credit
Emphasis is placed upon the modern approach to the teaching of geometry. **Prerequisite:** Math 103 or 500. **Three hours per week.**

506. SELECTED TOPICS 3 hours credit
Designed for students with a major in mathematics to develop topics in mathematics not included in the undergraduate program or to extend areas previously studied. **Prerequisite:** Approval of the department.

507. SEMINAR: ALGEBRA 3 hours credit
A seminar dealing with selected topics from linear and abstract algebra. A seminar paper is required. **Prerequisite:** Approval of the department.

508. TRANSFORMATION GEOMETRY 3 hours credit
A study of the group-theoretic structure of geometry. Applications of isometries, similarities and affine transformations to Euclidean Geometry. **Prerequisite:** Math 406 or equivalent.

530. DIRECTED RESEARCH 3 hours credit
Preparation of optional research project in Master's degree program under direction of departmental supervision.

MUSIC

404. MUSIC FOR THE THEATRE

3 hours credit

Historical and analytical study of opera, operetta, broadway musical, ballet, music for films; lecture-discussion, critical listening to recordings, individual research and extensive use of visual aids. Prerequisite: Music 104 or equivalent. Three hours per week.

405. MUSIC OF THE BAROQUE PERIOD

3 hours credit

Analysis of the philosophy, musical forms and styles of the period 1600-1750, study of representative polyphonic choral and instrumental music by outstanding composers of the period. Prerequisite: Music 104 or equivalent. Three hours per week.

406. MUSIC OF THE CLASSICAL PERIOD

3 hours credit

Analysis of philosophy, musical forms and styles of the period 1750-1825, with emphasis on the development of instrumental music study of representative recorded music by outstanding composers. Prerequisite: Music 104 or equivalent. Three hours per week.

407. MUSIC OF THE ROMANTIC PERIOD

3 hours credit

Analysis of philosophy, musical forms and styles of the period 1820-1900, particularly as they were influenced by social and political forces; study of representative vocal and instrumental works. Prerequisite: Music 104 or equivalent. Three hours per week.

408. MODERN MUSIC

3 hours credit

Emergence of new developments from late romantic music through serial and electronic music, including influences of jazz and considering the effects of social forces and current world events. Prerequisite: Music 104 or equivalent. Three hours per week.

410. CHURCH MUSIC

3 hours credit

Designed for the practicing or potential church musician. A practical course dealing with all aspects of the church music program. Prerequisite: Approval of the instructor. Three hours per week.

411, 412. APPLIED MUSIC I AND II

3 hours credit each

An advanced course in performance technique using a wide variety of literature. A solo recital (alone, or sharing a program with other students) encompassing music of many styles and periods is a required culmination. Students will elect one performing medium (piano or voice or organ or other instrument) and must have completed the fourth course in the sequence for that instrument as a prerequisite. Each course may be repeated for credit once. Three hours per week and a minimum of 12 individual practice hours per week.

416. AMERICAN MUSIC

3 hours credit

Analysis of musical forces and styles as they reflect the nation's development and America's unique contributions to the growth of music as an art form. Prerequisite: Music 104 or equivalent. Three hours per week.

426. ARRANGING FOR VOICES AND INSTRUMENTS

3 hours credit

Fundamental techniques of scoring for various a cappella and accompanied voice combinations, scoring for orchestra, band and various instrumental combinations, special characteristics of each choir of instruments, range of voices, selection of suitable literature for treatment in different ensembles, with considerations of style. Prerequisites: Theory I through Theory IV and a minimum of one semester participation in or observation of a choral group and an instrumental ensemble.

429. MUSIC CONCEPTS FOR EARLY CHILDHOOD

3 hours credit

Melodic and rhythmic elements within the cognitive, physical, and aural capabilities of young children (nursery school through primary grades), use of simple creative application to reinforce music concepts. Prerequisite: Music 200 or approval of instructor. Three hours per week.

430. MUSIC CONCEPTS FOR ELEMENTARY SCHOOL

3 hours credit

Development of musical skills, with emphasis on part-singing, piano accompaniments, combined rhythms, conducting skills, and creative application of these skills appropriate for the elementary school. Prerequisite: Music 200 or consent of the instructor. Three hours per week.

440. MODERN MARCHING BAND: TECHNIQUES AND MATERIALS

3 hours credit

A detailed work survey of traditional marching band styles and their adaptation to current trends. Prerequisite: Approval of the instructor. Three hours per week.

441. INSTRUMENTAL LITERATURE

3 hours credit

Class investigation and evaluation of new methods and materials for bands, orchestras, and instrumental ensembles. Prerequisite: Approval of the instructor. Three hours per week.

490. DIRECTED INDEPENDENT STUDY

1-3 hours credit

A tutorial course in any area of music open to seniors and graduate students. May include continuation of a skills development program begun in the lower level independent study course, or any type of individual research in music not normally included in courses offered by the department, or individual study of an area needed for teacher certification but not offered by the department in the current semester. Approval in writing of department chairman and supervising faculty member prior to registration, with the area of study to be specified in writing. May be repeated for a maximum of 6 credits.

500. TWENTIETH CENTURY MUSIC

3 hours credit

Analysis of the manner in which melody, rhythm, harmony, form and orchestral instruments are used by major modern composers. Political, economic and social forces and current world events are considered for their effects on music of our time. Three hours per week.

505. MUSIC HISTORY AND MUSICAL STYLE 3 hours credit
The development of Western musical style is traced from early written records to the present, stressing the continuity of basic musical principles. **Prerequisite:** One course in music history or a stylistic period. **Three hours per week.**

510. RECENT ISSUES AND TRENDS IN MUSIC EDUCATION 3 hours credit

Student researched seminar presentations on pertinent current issues in general, vocal, and instrumental music education. The seminar presentations will, through researching current trends, arrive at conclusions compatible with current practices in music education. **Prerequisites:** Education 419 and 429 or equivalent. **Three hours per week.**

511. ADVANCED APPLIED MUSIC 3 hours credit

Individual studio instruction to provide a graduate extension to an undergraduate major performing area.

515. ADVANCED CHORAL CONDUCTING 4 hours credit

A course designed for the practicing choral conductor. Includes technique, stylistic interpretation, repertoire and organizational problem analysis. **Prerequisite:** Music 310 or equivalent. **Five hours per week (3 hours lecture and 2 hours laboratory).**

530. DIRECTED RESEARCH IN MUSIC/
MUSIC EDUCATION 3 hours credit

Preparation of optional research project in the M.Ed. program under the direction of departmental faculty. **Weekly conference with faculty sponsor.**

590. DIRECTED INDEPENDENT STUDY 3 hours credit

An individual, graduate tutorial course including research topics not covered in available courses. The written specified area of study must have written approval of the department chairman and supervising faculty member prior to registration.

PHILOSOPHY

400. PHILOSOPHICAL IMAGES OF MAN 3 hours credit

A study of the major figures of classical and contemporary thought as regards their philosophies of man. **Prerequisite:** Philosophy 201, 202, or consent of instructor. **Three hours per week.**

401. PHILOSOPHY OF RELIGION 3 hours credit

A study of the concepts and presuppositions of theology and the reasonings of theologians, as well as an examination of religious experiences and the activities of worship. **Prerequisite:** Philosophy 201, or 202, or consent of instructor. **Three hours per week.**

402. GOD IN MODERN AND CONTEMPORARY PHILOSOPHY 3 hours credit

This course attempts to clarify and synthesize what modern philosophers say about God. It shows that regardless of the diversity of their opinions, there is an agreement about the basic problems. These problems center on God's existence, nature, and relationship to man. **Prerequisite:** Philosophy 201, 202 or 204 or permission of instructor. **Three hours per week.**

403. EXISTENTIALISM 3 hours credit

An examination of the main themes of this contemporary philosophy which stresses the humanistic approach to the profound experiences of life are explored through the diverse themes of Kierkegaard, Satre, Jaspers, Heidegger and Marcel. **Prerequisite:** Philosophy 201, 203 or 204. **Three hours per week.**

406. PHILOSOPHY OF SCIENCE 3 hours credit

A critical examination of the philosophical problems common to the natural sciences, such as the nature of scientific laws and theories, and problems involved in scientific explanation. **Prerequisite:** Philosophy 201, 202 or 204. **Three hours per week.**

407. THEORY OF KNOWLEDGE 3 hours credit

The course examines the sources, types, methods, structure and validity of knowledge. A study is made of classical, modern and contemporary sources of meaning, truth and perception with the intent of giving the student an acquaintance with an appreciation of the scope and limits of knowledge. **Prerequisite:** Philosophy 201, 202 or 204. **Three hours per week.**

450. PHILOSOPHICAL CONCEPTS IN LITERATURE 3 hours credit

An examination of philosophical concepts in literature; the concept to be dealt with will change from offering to offering. **Prerequisites:** English 101, 102, and Philosophy 201. **Three hours per week.**

475. SEMINAR IN PHILOSOPHY 3 hours credit

The content of this course varies from semester to semester. It seeks to offer to advanced students in philosophy an opportunity to research and reflect on an issue or theme more thoroughly and intensely than is possible in an ordinary course. May be repeated for credit with faculty approval. **Prerequisite:** Consent of instructor. **Three hours per week.**

PHYSICAL EDUCATION

406. ADMINISTRATION AND ORGANIZATION (MW) 3 hours credit

Problems of administrative structure and procedure, program planning, organization of physical education classes and departments, and organization of athletic programs. **Prerequisite:** Completion of at least 8 credits in techniques and strategy courses. **Three hours per week.**

408. MOVEMENT EDUCATION (MW) **3 hours credit**
Analysis of the elements of human movement, with practical applications to the teaching of physical education in grades K through 12. Methods, materials, historical development, readings, practice. **Prerequisite:** Teaching or student-teaching experience, or completion of at least 8 credits of techniques and strategy courses. **Three hours per week.**

431. TESTS AND MEASUREMENTS (MW) **3 hours credit**
Study of testing and evaluation techniques for physical education activities, survey of health tests, grading techniques, and statistical procedures. Mathematics 100 is strongly recommended as a prerequisite. **Three hours per week.**

450. KINESIOLOGY (MW) **3 hours credit**
The study of human motion with emphasis on the skeletal and muscular systems that are involved. **Prerequisites:** Biology 215, P.E. 312 and Physics 103 (Science 105 or equivalent). **Three hours per week.**

451. PSYCHO-SOCIAL ASPECTS OF PHYSICAL EDUCATION (MW) **3 hours credit**
The interaction of physical education (sports) with the psychological and sociological development of the individual. **Prerequisite:** Psychology 210 or consent of instructor. **Three hours per week.**

452. APPLIED MOTOR LEARNING (MW) **3 hours credit**
The study of basic areas of investigation in motor learning and the relevance of findings to the teaching of physical education. **Prerequisite:** Consent of instructor. **Three hours per week.**

460. DANCE WORKSHOP (MW) **3 hours credit**
Theory and practice of dance forms used in public school physical education — children's rhythmic activities, modern dance, folk, square and tap dance. Designed as a three-weeks' summer school course for teachers. **Prerequisite:** Teaching experience or consent of instructor.

490. SELECTED TOPICS IN PHYSICAL EDUCATION (MW) **Variable 1 to 3 hours credit**
Provides opportunities for short term needs and interests of students and/or faculty. Also affords avenue for curriculum experimentation and innovation. **Prerequisite:** Consent of instructor.

POLITICAL SCIENCE

401. POLITICAL THEORY **3 hours credit**
A survey of political thought based on the analysis of ideas of leading ancient, medieval and modern theorists including the historical setting of major theories, their impact on political institutions and social changes, and their contemporary significance. **Prerequisite:** Political Science 201. **Three hours per week.**

402. AMERICAN POLITICAL THEORY **3 hours credit**
A survey of the political concepts of the leading American theorists and the impact of these concepts on the American society from the colonial period to the present. **Prerequisite:** Political Science 201. **Three hours per week.**

410. INTERNATIONAL RELATIONS **3 hours credit**
A study of major factors underlying international relations including methods of conducting foreign relations, formation of foreign policies of major powers, and means of dealing with international conflicts. **Prerequisite:** Political Science 201. **Three hours per week.**

411. INTERNATIONAL LAW **3 hours credit**
A survey of the general principles and special rules of international law as well as its recent trends and its relations to other aspects of international affairs. **Prerequisite:** Political Science 201. **Three hours per week.**

412. GOVERNMENT AND POLITICS OF LATIN AMERICA **3 hours credit**

A study of the political problems and issues among the nations, such as propaganda, causes of war, armaments control, and neutrality, which affect the peace and security of the United States and other nations. **Three hours per week.**

PSYCHOLOGY**403. MEASUREMENT AND EVALUATION IN
PSYCHOLOGY****3 hours credit**

A coverage of correlational techniques, reliability and validity. Psychological tests and questionnaires are considered in terms of their measurement assumptions and utility. **Prerequisite:** Psychology 220 or consent of instructor. **Three hours per week.**

405. ABNORMAL PSYCHOLOGY**3 hours credit**

A survey of the etiology, diagnosis and prognosis of neurosis, psychosis, psychosomatic disorders, transient situational maladjustments and personality disorders. Included will be a discussion of various treatment approaches. **Prerequisite:** Psychology 210. **Three hours per week.**

**406. PSYCHOLOGY OF ATTITUDES AND
ATTITUDE CHANGE****3 hours credit**

This course is concerned with how attitudes are formed, measured, and changed. Emphasis will be placed on the classical theories and on new approaches to attitude formulation and change. **Prerequisite:** Psychology 306 or consent of the instructor. **Three hours per week.**

408. HISTORY AND SYSTEMS IN PSYCHOLOGY**3 hours credit**

Study of basic integrating theories of psychology. **Prerequisite:** Psychology 211 or consent of the instructor. **Three hours per week.**

409. ENVIRONMENTAL PSYCHOLOGY**3 hours credit**

A study of the effects of the environment on human behavior. Consideration will be given to such topics as organizational structure and climate, architecture, population density and urban stress. **Prerequisite:** Psychology 210. **Three hours per week.**

412. PHYSIOLOGICAL PSYCHOLOGY**3 hours credit**

The investigation of morphological, neurochemical, and physiological bases of behavior. **Prerequisite:** Psychology 210. **Three hours per week.**

415. MOTIVATION AND EMOTION**3 hours credit**

A survey of experimental findings and theory of processes that energize and direct behavior. **Prerequisite:** Psychology 210. **Three hours per week.**

422. PSYCHOLOGY OF AGING**3 hours credit**

A study of human development from early adulthood to senescence. **Prerequisite:** Psychology 210. **Three hours per week.**

423. PSYCHOLOGY OF THE EXCEPTIONAL CHILD**3 hours credit**

A study of children who vary from the norm including the gifted, physically handicapped, mentally handicapped, socially handicapped, emotionally disturbed. **Prerequisite:** Psychology 300 or Psychology 320 or Education 300 or consent of the instructor. **Three hours per week.**

425. PSYCHOLOGY PRACTICUM**3 hours credit**

A course designed to provide the Psychology major with actual training experience in a variety of clinical settings. May be taken twice. **Prerequisites:** 15 hours in Psychology and consent of instructor. **Three hours per week.**

**430. LEARNING THEORY AND ITS
APPLICATION****3 hours credit**

A course designed to acquaint students with the theoretical base and experimental data to support a unified approach to human learning.
